HONORARY MEMBERSHIPS in the Cameron Council of the Knights of Columbus were presented to eight persons at the open house last Thursday night at K. C. Hall. Seven of those receiving the honor are Leo J. O'Neill, Joseph Slavik, J. T. Palmer, Father George Duda, Fred Jistel, E. H. Boedeker and Frank P. Michalka. William J. Michalka, not pictured, was the eighth honored member.

Open House Honors Knights of Columbus

The Cameron Council of the Knights of Columbus Thursday held open house to recognize Honorary Members and present 25-year members with their respective pens.

The open house celebrated the diamond jubilee of the founding of the Knights of Columbus, chartered in Connecticut March 29, 1882. Members who have reached their 65th birthday and who have been members in good standing for 25 years were presented honorary memberships.

Willard Green, district deputy from Temple, presented the honorary membership pens to the following: Emil Boedeker, the Rev. George Duda, Frank P. Michalka, J. J. Parma, B. J. Matocha, Fred Jistel, William J. Michalka and Leo J. O'Neill.

Other honorary members unable to attend the presentation were: Albert Anderle, Will Anderle, J. J. Parma, B. J. Matocha and Frank A. Michalka.

16 Receive Pens
Twenty-five year membership pens were presented by Green to the following men: John C. Andres, William Balhorn, Emil Hollas, Leo Hollas, John Jistel, August Kunz, Joseph L. Marak, Stephen F. Polzer, Frank R. Richter, Sr., Frank J. Hanel, Ralph Michalka, Jerry Mikula, Pete Mikula, John Voltin, Bill Richter, and Anton Moraw.

Other 25-year members unable to attend were: Hugo Boedeker, Joseph Hampel, Joe F. Hollas, Joseph Schrieber, Cyril Zarosky, Walter Plocke, Rudolph Richter, Anton Absnider, and Charles Young.

Speakers for the evening were Ed Hess of Temple, Rev. Duda and the Rev. Leonard Buxkemper, Hess, a Past Grand Knight and charter member of the Cameron

Council, compared the activities of the Knights of Columbus 35 years ago, when the Cameron Council was founded, and today.

He noted the present day advertising program of the Knights of Columbus, scholarships available to the sons and daughters of deceased members killed in World War II and the Korean War, and the insurance program available to each member.

Fr. Duda Speaks
Father Duda spoke on the spiritual benefits that have been derived through membership in the Knights of Columbus. He pointed out that many men have become better Christians and citizens because of their roles in this order.

Father Buxkemper, chaplain of the Cameron Council, praised the work of the local council in bringing additional recreational facilities to the citizens of Cameron. The Council was instrumental in building a bowling alley and a miniature golf course.

Funeral services were held here 10:30 a.m. Tuesday for Boles P. Matocha, 68, former Texas secretary of state, who died Sunday in Corpus Christi.

Matocha served as secretary of state in the administration of Gov. James V. Allred. He was noted throughout Texas as a leading Czech-American attorney.

The Rev. Edward Matocha, Austin, a nephew of Matocha, officiated at services at St. Monica's Catholic Church. Interment was in St. Monica's Catholic Cemetery. He died at the home of his daughter, Mrs. Leo E. Jenkins, in Corpus Christi after an extended illness.

TV's Berg Calls For Conservation

Sportsmen Hear Expert

Many members of the Milam County Sportsman's Club and numerous guests were present at Simon-George Memorial Hall in Cameron Tuesday night to hear an address by Harley Berg, television personality.

Berg, who has a top Hooper rating for his television show, "Wildlife", spoke on a variety of wildlife subjects. Theme of his talk was primarily to "know why you are shooting a wild creature before you pull the trigger."

This topic was especially stressed upon the killing of such wild life as birds, snakes, coyotes and pumas. Berg went on to explain that today it has become a proven scientific fact that should all birds be destroyed today, no living creature would be able to exist within another 10 years.

600 Birds In State
Such can easily be understood when one considers that there are between 600 and 700 different species of birds either living in or visiting Texas each year. All together these birds number into the hundreds of millions in this state alone, he declared. Insects being the main item of food for these winged creatures place the existence of every other living creature upon the mercy of our "winged friends."

The television celebrity, game warden and one-time violin player illustrated the necessity of conserving wildlife by telling of an incident which occurred in the Panhandle about two years ago. At that time, he said, crows invaded wheat fields and were slain in the beginning because the farmers suspected them of destroying their crops. However, upon examination of the birds' crops it was found they had been eating earth worms rather than the wheat.

Conserve Insect Eaters
He continued his lecture with the same line of reasoning for conservation of non-poisonous snakes which also eat insects, mice and rabbits; of coyotes, whose main dish is Jack rabbits

rather than quail and farm animals; of armadillos that feed upon ants rather than upon quail and of pumas that kill deer. The latter is also of importance since deer within the United States have increased from a million head in 1900-1910 to more than nine million today.

These deer in some areas must be killed out because where they are over-populated they not only destroy feedstuffs of smaller game animals but also destroy trees which leads to erosion of the soil.

Held as the annual meeting of the Milam County Sportsman's Club, the Tuesday night event drew far less than the number expected due to storm warnings within the state at that time. However, as revealed by the number of new members signing up and the word from others intending to join, the almost "defunct" sportsman's group again has the appearance of making headway within the county according to Don Edmondson, club president.

38 Measle Cases Top Disease Count
Dr. John B. Bryson, county health director, Wednesday said that measles again led the list of communicable diseases with 38 cases reported last week.

The health unit director last week listed 13 measles cases in the county, followed closely by 12 cases of strept throat.

Other cases reported by Dr. Bryson this week include: strept throat, 10; chickenpox, 6; and typhoid, 1.

Moseley, Mondrik Win; Yarbrough Leads Milam

Austin Democrat Gets County Nod

Election returns in Milam County with seven boxes still out at 10 a.m. Wednesday morning found Ralph Yarbrough holding a substantial lead with a total of 1132 votes. Only large box still to be counted is Thorndale.

Runner-ups in local balloting were the same as in the state as a whole although Thad Hutcheson, Republican candidate, failed to receive as large a proportion of the votes as in the state. Martin Dies in second place in the race had 743 votes and Hutcheson in third had only 359.

Returns were light throughout the county while within Cameron itself, 271 persons appeared at the poll in the county courthouse and 452 at the one at Yoe High School. Four leading candidates within the city were Dies with 291, Yarbrough with 268, Hutcheson with 94 and Searcy Bracewell, 34. Only votes as of Wednesday morning in the county for Rev. M. T. Banks were cast within the City of Cameron. One vote was in the box at the courthouse and one at the school box.

Candidates Hugh Wilson, Walter Scott McNutt, Curtis Ford and J. Cal Courtney had received no votes in Milam County with 32 of the 39 boxes in Charles Hill, R. W. Currin and Frank G. Cortez had collected only one vote each in the county while Elmer Adams,

Herbert J. Antonine and Banks accounted for only two each from the county.

According to election officials at the courthouse Wednesday morning, the positions of the three leading candidates in Milam County could not be altered with the additional votes from the seven boxes still out.

One Woman, Two Men Seek Seat On School Board

Election week in Cameron continues through Saturday, April 6, with two members on the school board of the Cameron Independent School District to be determined in balloting on that day.

Polls will be open Saturday from 8 a.m. until 7 p.m. with the only balloting booth to be located at the Yoe High School.

Two of three candidates with the most votes will be seated by the Saturday polling with the prospective members of the board including F. W. Vogelsang, Dr. George Bowman and Mrs. Dana F. Monroe.

Vogelsang is seeking re-election while the remaining two announced for the race within seven hours of the final deadline for filing. Bowman's name was placed in nomination late last Thursday afternoon upon the filing of a petition by a number of qualified voters with Max Howard, secretary of the board. Mrs. Monroe filed Thursday night.

Herald Marks Anniversary In This Issue

Today's issue of The Cameron Herald marks the 98th birthday of Milam County's oldest business and newspaper.

But The Herald was not the original title of this newspaper. It was first published as The Cameron Centinel, begun in 1859 by a 29-year-old Missourian, John A. Moore.

The Centinel was later published in 1877-1881 by B. H. Cammer. The Herald was born in 1881 when James B. Moore purchased the Centinel and changed the name. The weekly Herald has been published under that name up to the present.

The early Herald was published by doctors and a minister as well as trained newspapermen. Drs. C. W. McCune and Thomas Pope bought the paper in 1886 from Moore, then sold it to Oscar Fides McAnally and the Rev. James Peeler. The pastor later sold his interest.

Co-publishers W. A. Bowen and W. P. Stevenson owned the paper from 1906 to 1914. B. H. Terrell owned The Herald for six years until selling to J. B. White who published the newspaper for the longest period under one owner, 31 years. Mrs. White, his wife, is still on The Herald staff.

Jan Luecke

Frank M. Luecke

F. M. Lueckes Join Cameron Herald Staff

The Cameron Herald this week added two staff members.

Mr. and Mrs. Frank M. Luecke, formerly of Grand Prairie, joined the Herald as Co-Publishers Don Scarbrough and John Cardwell named Luecke managing editor and his wife, Jan, classified manager and society editor.

The Lueckes published the semi-weekly Grand Prairie Banner before selling their interest and coming to Cameron. Luecke was an editor and advertising man on the Purcell (Oklahoma) Register prior to operating the Grand Prairie paper.

Mrs. Luecke directed classified and office operations in Grand Prairie.

A 1953 graduate of Missouri University's School of Journalism, Luecke served two years as an officer in the field artillery at Fort Sill following graduation.

He will edit The Herald while Gene Hayes, present editor, will become advertising manager. Mrs. J. B. White will continue as assistant advertising manager and office manager, Publishers Scarbrough and Cardwell said.

No other staff changes were announced.

Mrs. Luecke is a graduate of Stephens College, Columbia, Mo. She is the daughter of Dr. John W. Wright, Washington, D. C. Luecke's mother, and former newspaper woman, Mrs. Mabel Luecke, resides in Springfield, Mo.

Cof C Planning Spruce Up Drive

The effects of an enthusiastically supported clean-up campaign can bring more business to Cameron and thus make it a more prosperous community, Ben Magness, president of the Chamber of Commerce said today.

The Cameron Chamber and the City of Cameron are sponsoring a city-wide clean-up plant-up, paint-up campaign April 15-20.

Doc Hardin is chairman of the Chamber clean-up committee. The city will pick up anything not in containers on regular trash collection days, Magness told The Herald.

"Tourists, visitors from nearby towns, and industrialists looking for new plant sites don't know what our inner feelings toward our community are. They judge our pride, honesty, energy by the outward appearance of our homes, stores, government. If what they see is attractive and clean, they will stop to learn more about us," Magness said.

While with the Purcell Register, Luecke won honorable mention and first prizes in 1955-56 editorial contests sponsored by the Oklahoma Press Association. The Lueckes are residing at 1505 Cleveland.

FHA Completes Feed Program

The Emergency Feed program for Milam and Burleson Counties has ended.

A total of 2168 grain and 895 roughage applications were received and processed by the local Farmers Home Administration office, according to Roy M. Wright, county supervisor.

Seventy applicants were declared ineligible while 9968 tons of roughage and 17,959,300 pounds of grain were approved.

Emergency feed assistance to these two counties of approximately \$308,000 Wright said. Wright explained, however, that only about 75 percent of the approved feed was actually used.

Thompson Loses Place 4 Seat; 672 Cast Vote

Cameron voters Tuesday elected Richard W. Moseley and Hayden Lawrence and re-elected Lincoln Mondrik in a 672-vote municipal election.

Lawrence received 403 votes for Councilman, Place 4, to unseat incumbent Clifford Thompson. Councilman Thompson got 226 votes.

Three write-in candidates received a total of 30 votes for Place 3 as Moseley received 324 ballots to take the post. Claude Triggs got 26 write-ins, Mrs. Grady Stidham, wife of the deceased incumbent, garnered two, and B. J. Matocha got two votes.

Incumbent Stidham, who died suddenly of a heart attack three weeks ago, received 211 votes.

In the Place 5 race incumbent Mondrik was re-elected by a 180-vote majority over his opponent, August G. Kunz. Candidate Kunz received 237 votes while Mondrik got 417.

Only one of the 672 votes was mutilated, leaving a total of 671 votes counted by election judges.

The new councilmen will take the oath of office at the next council meeting, April 16. They will join Mayor Robert Weems and Councilmen Charles Brady and Roy Griffiths who serve another year before a city election.

The Council canvassed the vote after the City Hall polls closed at 7 p.m.

The final turnout for the city election was about 80 per cent of the registered voters in the city. Voting was comparatively heavy here compared to the light vote in the senatorial election throughout Texas.

State Calls For Bids On US 79, SH 36 At Milano

The Texas Highway Department has called for bids on a 12.181 mile road project from the "Y" south of Cameron to US 79 at Milano, including three miles of resurfacing east of Milano.

Highway department officials said the blacktop roadway will be placed on US 79 and SH 36.

The proposal to resurface the same roadway had been withdrawn earlier this year.

The three-mile stretch east of Milano will cover the road from a mile east of the town to a point four miles east.

Bids will be opened 9 a.m. April 20, officials said. The project is labeled a "public works" project defined in House Bill No. 54 of the 43rd Texas Legislature and H. B. No. 115 of the 44th Legislature.

Specifications are available at the office Joe G. Hanover, resident engineer, Hearne.

License Sales Tip 7,188 In County

County Assessor Valter White Wednesday said that 7,188 license plates had been sold to Milam Countians.

Thus far, he said, 5,280 passenger cars, 1,054 commercial vehicles and 904 farm trucks have been licensed.

Weather Notes

It will be generally fair and mild this week-end with possible additional showers to boost nine-inch plus 1957 rainfall.

Temperatures last week ranged in the warm 70's to a top of 83 Monday. Lows dipped to 35 March 26. Happest note was 2.22 inches of precipitation recorded here during the past week. Total 1957 rainfall (including Tuesday night showers) should total about 9.1 inches.

Justice by Machine?

With a spectacular and significant congressional investigation under full steam, the matter of the lie detector again steps onto the stage.

It can be an aid to justice. But it also risks being swept up into popular mythology and made a betrayer of justice.

The magazine Newsweek quotes J. Edgar Hoover saying:

The name is a complete misnomer. The machine used is not the lie detector. — The person who operates the machine is the lie detector by reason of his interpretation.

Add to that the fact that such machines register only human agitation. Over the matter under inquiry? Over some other matter? Over the anxiety of a sensitive, conscientious, innocent person lest he tell something other than the truth or harm someone? Compared to such a one the hardened criminal has an advantage.

To repeat: The lie detector machine, expertly interpreted, can be an aid to justice. But it is not a substitute for the procedures and safeguards which have evolved out of the often bitter experiences of free peoples.

Are President's Aides Asleep?

CONGRESSMAN BOB POAGE'S pointed comment, as reported in his weekly newsletter, on the total lack of coordination between President Eisenhower and his Department of Agriculture, raises a question that deserves discussion.

That question is: Has the President been sicker than the public has been informed, or do his aides simply fail to keep him properly informed of what's going on?

The instance Congressman Poage cited was illustrative. Last week at his press conference, the President said that "we need something like" the deferred grazing bill authored by Mr. Poage, and that he thought the Department of Agriculture should look into it.

As Mr. Poage pointed out, the Department of Agriculture had "looked into it" months before, and has for two months been working vigorously to kill the bill.

The hopeful answer is that the President was sicker than most Americans supposed, but is now better — as announced — and will in future be more aware of the essential activities of his administration and the congress.

The less hopeful answer is that either because his aides fail to keep him posted, or because of his own often-stated desire to see and handle only the matters of greatest importance, he simply is not adequately informed on the day-to-day problems which invariably take on great importance if not handled.

Obviously, keeping informed to that extent is a difficult and demanding requirement. But it is a requirement the United States has always had of its Presidents. It is a basic function of leadership, and without it the country immediately suffers from lack of leadership. The country has been and is suffering from that lack, whatever the reason.

Will It Mean New Wealth In The Cameron Area?

LITTLE RIVER PHILOSOPHER APPLAUDS SAFETY OUTFIT'S ADVICE ON HOW TO CUT DOWN ON HIGHWAY ACCIDENTS.

Editor's note: The Little River philosopher on his Johnson grass farm on Little River probably is misinterpreting an article he read, his letter this week indicates.

I'll admit I don't have any advice to give on what to do about the traffic problem and the growing number of highway accidents, when a man looks up and sees a car coming toward him with the wavering accuracy of a guided missile, the only advice for him is he should have stayed at home, which is a little late in the day, but I was interested in what a group of experts had to say about the problem.

According to an article I read in a newspaper last night which I found on top of the stack of papers my wife was saving to spread around in the brooder house, the American Automobile Association has come out with a set of rules for safer driving, and one of them is: if you have financial worries, let somebody else drive the car.

I believe they have hit on the right answer. You eliminate as drivers everybody who has financial worries, and the traffic problem is solved and they can turn the highways back to grazing land and city streets will be safe for bicycles and jay-walking.

If only the man who is free from financial worries, who has his farm paid for, his tractor paid for, his children's education paid for, or, if it's a town man, his home paid for, his job guaranteed for life, and plenty of money in the bank, is going to do the driving, the traffic problem is over.

Won't be anything but a few Cadillac cruising up and down the lonesome highway, and I have an idea some of them will be eliminated too, as you might be surprised to find out how many high-priced cars are bought on time the same as the lower-priced ones.

And also, I think this outfit ought to go one step further and advise any farmer who has financial worries not to drive a tractor, or swing a hoe, or do anything else that his financial worries might distract him from doing safely.

And if they'll include worry over the hydrogen bomb, they can eliminate the automobile altogether. This probably is the only real solution, anyway. There weren't

any car accidents in George Washington's day.

Yours faithfully,
J.A.

Hot water heaters would provide a good source of uncontaminated water for families forced to remain for days in a basement fallout shelter after a nuclear attack.

Poultry scientists have discovered that the addition of an ounce of molybdenum, a trace mineral, to 2,000,000 pounds of poultry feed can increase the market weight of the 200,000 birds produced on this amount of feed by 15 percent. This, they say, can add an additional \$18,000 to the market value of the birds produced.

Worship together this week

We are well blessed. The doors of our churches and synagogues are wide open ... waiting for us to enter. Set aside a time each week ... a time apart from the "busyness" of living. You'll find more joy in each day, if you give some time each week to worship.

And the Wolf family here—will you just look at those boys! They're feeling very grown-up and proud as punch, going to a Service with Mom and Dad.

Here's Dave Judson and Bill Miller. Good friends for a good many years now. They hardly ever "talk" religion—they just always find time to get to Services each week.

Ever been a stranger in any town? Then you've known loneliness. And you know how comforting it is to come upon a church or synagogue ... where the doors are always wide open to everyone.

Farmers Request New Fish To Replenish County Ponds

A total rainfall of 9.06 inches through March brought forth optimistic predictions for 1957 crops and filled county stock tanks to the point that farmers are applying for government fish.

J. D. Moore, Milam County agent, told The Herald Wednesday the 5.88-inch total during March was the best agricultural news of the week. And it brought out some sound advice from Agent Moore about stocking county ponds.

The secretary of the county extension office has ordered additional blanks, he said, to meet the anticipated demand for ordering fish.

He cautions farmers to remove all fish and start over with balanced stocking when the fish population is out of balance.

"I mean by that," Moore said, "that its best to restock when stunted fish and rough, undesirable fish such as shad, carp and suckers are overabundant."

How It's Done

Then Moore suggested the following formula for preparing county ponds for new stock fish:

Use five pounds of five percent rotenone powder to each acre foot of water. A surface acre of water averaging three feet deep would require 15 pounds of rotenone powder.

Mix the rotenone powder with just enough water to make a thick paste or dough. Then add water until mixture is about the thickness of cream. And place the mixture in tubs.

With the use of boats, he continued, pour the solution into the water as the boat is rowed or motored along the surface. Start on the windward side of the pond where the wave action will assist further in covering the pond with the mixture.

Viewers Report Strong Signal On Channel 7

AUSTIN—(Special) — Scores of letters and telephone calls are coming in each day to indicate that the new Channel 7 tower is bringing powerful new television pictures to sections formerly considered in the "fringe area" of KTBC-TV.

Additionally, areas which have been getting a good picture are now getting a better picture.

"Receiving these congratulatory letters and calls is a reward for our efforts," said KTBC-TV's general manager, J. C. Kellam. "We believed we could make Central Texas television better by almost doubling our antenna height. Now we know the mission was accomplished." The new tower was activated March 29.

In terms of distance, communications have been received from communities up to 110 air miles from Austin.

Here are excerpts from typical telephone calls or letters:

Alvin Orsag at Giddings: "Our signal is ten times as strong."

Ed Beck of Gatesville: "Channel 7 is twice as good as before."

Clayton Handley of Lometa: "Signal strength is six times as great."

Scott Witcher, Lampasas: "Signal at least six times as strong."

Rockdale: Sam B. Perry: "A definite improvement. It overrides local interference." James W. Barr: "We service sets in Rockdale, Milam, Gause, Hearne and Calvert. We are now receiving Channel 7 very clear in all our areas."

Deadline Nears On Income Tax

Last call for taxpayers needing "special assistance" with their 1956 returns.

This word came today from A. P. Andrews of the Internal Revenue Service office located in Temple, since April 15 is the final filing date for 1956 personal income taxes.

Final taxpayer assistance days at Revenue will be Mondays April 8 and 15. On those days Revenue will have a full staff available.

Taxpayers should first study the instruction pamphlet which in many cases will provide the answers to most tax problems. If further help is needed, telephone assistance is available. Personal visits to the office should be made for knotty problems.

Last Rites Read For Charlie Blasch At Buckholts

Funeral services were held March 21 for Charlie Blasch, 74-year-old Buckholts farmer, at St. Monica's Catholic Church, Buckholts.

The Rev. George Duda and the Rev. Alfred Kallus officiated.

Interment followed in St. Monica's Cemetery. Rosary was recited the evening before at Marek-Burns Chapel, Cameron.

Blasch, life-long Milam County resident, died March 19 in a Cameron hospital. He was born in Milam County July 5, 1882.

Survivors include a sister, Mrs. W. J. Anderle, Cameron, and a number of nieces and nephews.

Pallbearers were Anton Anderle, Hubert Jistel, Richard Jistel, Wilbert Bach, Herman Neike and Frank Klemert.

A submarine navigates by sound when submerged. Sound can travel 3,000 nautical miles or more under water.

Dollar for dollar and man for man, the submarine is this country's most economical weapon.

Comprising only 1.6 per cent of the Navy's World War II personnel, the submarine service accounted for 55 per cent of all enemy shipping destroyed.

American families are continually changing their tastes and habits in eating, and these changes effect the markets for various types of farm products. A. B. Wooten, extension economist, said this week that these changes reflect a number of influences such as a general rise in family incomes and new marketing methods which make new and more foods generally available.

Now Is The Time To Make Choice

Now is the time for 1957 school graduates in Milam County to make plans and reservations for their future endeavors according to Sfc. Leo A. Dermody, Army recruiter here.

Many 1957 graduates have made reservations already at the college of their choice, and many others are learning that they can continue scholastic and technical training with the United States Army in a "Reserved For You" program that guarantees enlistees a place in one of the army's technical schools.

High school graduates have the opportunity to choose from a list of over 150 technical courses. These technical courses vary in duration from 16 weeks to 42 weeks. Many of the courses offered to graduates have college credit evaluation and these credits can be transferred to a civilian institution of their choice upon expiration of their military service, should they desire to attend college.

Graduates who make application to participate in the "Reserved For You" program will receive from The Adjutant General an official letter stating that the graduate has been accepted for the technical course of his choice.

"Never before has any service guaranteed a graduate that he would receive technical training in a course of his own choice", said Sgt. Dermody.

Young men should be making their reservations now in one of the many fields of the future - electronics, guided missiles, radio, radar, medical field, engineering, photography, scientific services, automotive, atomic warfare and many others. Graduates can investigate the opportunities in the army technical school program by visiting their army recruiting station for a talk and consultation with Sfc Dermody.

Irvin R. Whittington Completes Course

Pvt. Irvin R. Whittington, son of Mr. and Mrs. R. H. Whittington of Route 4, Cameron, recently was graduated from the radio procedure course of the 24th Infantry Division's Radio Operators School in Korea.

Whittington is a radio operator in Battery C of the 13th Field Artillery Battalion.

He entered the Army in March 1955 and arrived in the Far East in January of this year. He attended Yoe High School.

SS Representatives Here On Tuesdays

Representatives of the Bryan office of the Social Security Administration will be on duty in Cameron each Tuesday during April and at Rockdale on every Thursday.

They will be present at 9 a.m. Tuesdays at the Department of Public Welfare office in Cameron. Appointments by persons in the Rockdale area can be made at the Chamber of Commerce office in that city. The representative will be present there for the day beginning at 9 a.m.

Polio Affects All Age-Groups

Polio affects persons of practically any age, although it is more common among children under 10.

It used to be quite common among infants and preschool children from where its name, "Infantile Paralysis," was adopted. However, in the last 10 or 15 years, it has been increasing among young adults and the teenage group.

During 1956, the 1,352 cases within Texas affected the age groups as is shown in the following breakdown. The 0-4 age group, 46.5 percent of the cases; the 5-9 group, 15.7 percent; 10-14, 8.8 percent; 15-19, 7.3 percent, and the 20-plus age group, 21.7 percent.

It has been noted according to Dr. John Bryson, Milam County health director, that there is quite a drop in cases from the 0-4 age group to the 5-9 group. This can be contributed to the fact that a lot of children in the 5-9 age group received polio vaccine during the 1954 Field Trials and the 1955 program for the first and second grade children.

However, polio shows a decline in each age group and becomes very infrequent after 40.

Milam County Health Unit records, the director says, show the number of cases of polio for the last 10 years to be as indicated in the following outline. This outline gives the year, number of paralytic cases, number of cases that are non-paralytic, unspecified cases and the total number.

They are 1956, 3, 0, 0, 3; 1955, 3, 8, 0, 11; 1954, 5, 3, 1, 9; 1953, 1, 0, 0, 1; 1952, 0, 0, 6, 6; 1951, 0, 1, 1; 1950, 0, 0, 0, 0; 1949, 0, 0, 2, 2; 1948, 0, 9, 13, 14, and 1947, 0, 0, 0, 0.

The incidence of polio in Milam County varies greatly from year to year. This range, Dr. Bryson explains, has been from none to 14 with a median of 2.5 cases per year and an average of 4.7 cases annually.

Dr. Bryson stresses that "the only way we can insure that there will be no cases of paralytic polio year after year will be to have every man, woman and child under 40 given at least three injections of Salk polio vaccine.

"This can be done if each person will take the responsibility to get these valuable injections. Polio vaccine is very plentiful now, and in fact some vaccine must be discarded occasionally because there are not enough people receiving it."

Fan Club Members Hold Meeting Mar. 25

Strikes Fan Club held a special meeting Monday night, March 25, to hear two tap recordings made by the singing group in Sherman Sunday afternoon.

All members reported enjoying the recordings made of "I Do" and "Poor Hearts." A letter has been received by the club from Barbara Bachman of Sharon, Massachusetts, who is starting a fan club there.

Club members will hold a skating party in Temple Thursday night, March 28, and all interested are invited to be at the local radio station at 6:30 p.m.

GEARED TO SOUTHWESTERN LIVING

"That proves it to me...
the J-2 Rocket
is like two engines in one!"

HE: Right! This J-2 Rocket* is really a new driving experience!

FRIEND: Well, I've handled a Rocket Engine before, but nothing like this. They've always had pep, but this one's got that extra pep when you need it!

HE: Don't forget economy.

FRIEND: Yes, but you can't feel economy.

HE: Feels pretty good to the pocketbook.

FRIEND: Right! But it beats me how you get economy with a big car like Olds.

HE: Easy. For cruising around, you just use one dual-barrel carburetor.

FRIEND: Bet that waters down your performance some.

HE: Not a bit. I've got regular Rocket performance right through the economy range. And believe me, that's plenty. But if you need more power...

FRIEND: Then what?

HE: Go to Stage Two. You just saw what that does. Give it three-quarters throttle and you've got three dual carburetors dishing up more power and torque.

FRIEND: Tell you the truth, I've always liked an Olds. Thought we might get one ourselves some day.

HE: Checked the price lately? You'd be surprised how easy it is to own.

*277 h.p. Rocket T-402 Engine standard on all models. J-2 Rocket Engine, with 300 h.p., and special Rocket Engine, with up to 312 h.p., available at extra cost.

May 18 Wedding Date Set For Miss La Nell Kuehl

Mr. and Mrs. Ted Kuehl announce the engagement of their daughter, Miss La Nell Kuehl to Mr. Dwyer E. Hamel, son of Mrs. Irene Hamel, Adams, Mass.

The wedding will take place May 18th in the Notre Dame Church, Adams, Mass.

Miss Kuehl is a graduate of Yoe High and Southwest Texas State College, San Marcos. She is a registered technologist, receiving her training at Scott and White hospital in Temple. The bride-elect is presently employed at St. Luke's Hospital, Pittsfield, Mass.

Mr. Hamel is a graduate of Adams High School and a veteran of World War II. He is presently employed by General Electric as a design draftsman.

Yoe High FHA Planning Style Show Saturday

The Yoe High School Future Homemakers of America are planning a style show "Shrewd Sorcery" 7:30 p.m. Saturday in the Yoe High Auditorium.

In the style show there will be a variety of fashions. Some of the girls will model the new style of suits with the "boxy" look. Dresses with the popular empire waistline, boat neck collars, princess style, and the ever-loving sheaths will be shown.

A great many jackets will be modeled with some of the dresses showing how a dress can change its appearance with many accessories.

Some of the girls have made accessories to go with their costumes.

Skirts and blouses, a popular "must," will be shown, gingham, plaids, and flowered prints included.

Some renovated garments that advance students have re-styled and re-made will be featured.

3 Cameron Girls To Appear In Play

Spl. To The Herald

BELTON - Three Cameron girls are in the cast of the 18th annual Easter pageant to be presented at Mary Hardin-Baylor College.

Miss Anita Dusek, daughter of Mr. and Mrs. J. Edwin Dusek of 402 E. 12th St., will portray Joseph of Arimathea. Misses Theodora Henderson, daughter of Mr. and Mrs. G. T. Henderson, Rt. 4, and Barbara Macon, daughter of Mr. and Mrs. J. T. Matula of Rt. 4, will serve on the make up committee.

They will also take part in the crowd scenes of the pageant which portrays the last days of Christ on earth.

County Nurses Elect Officers

The Milam County Graduate Nurses Association met and elected officers at the home of Mrs. Cynthia Saage at Rockdale, on March 26.

Officers elected for the year 1957-58 were Mrs. Ed Laywell, president; Mrs. Don Humble, secretary; Mrs. Dewy and Mrs. Leroy Wheeler, reporters.

The program included a film on hearing entitled "The Edge of Silence". The film was quite educational. It stressed the value of hearing aids for people with hearing loss.

Lovely refreshments were served by the hostess. Guests for the meeting were the members of Future Nurses Clubs of Cameron and Mrs. Carraway, sponsor for the Rockdale club.

Cancer Society To Show Film At Rockdale

All ladies and teenage girls are urged to attend a program at the Rockdale High School Auditorium 10:30 a.m. Saturday announced A. E. Menke, vice president of the Milam County Cancer Association.

As part of Milam County's Cancer Crusade, the film "Breast Self Examination for Cancer" will be shown and a doctor will be present to answer questions.

The film, one of the most outstanding and timely educational films produced, has greatly contributed to the reduction of cancer in women by early detection as the film points out.

"Since a thickening or lumping of the breast is one of the Seven Danger Signals of Cancer, the American Cancer Society is making every effort to educate the public in the detection of cancer", Menke said.

The program is for ladies only, lasting about forty-five minutes. There will be no admission charge.

Walkers HD Club Has Defense Meet

The Walkers Creek Home Demonstration Club met in the home of Mrs. E. B. Yager, Saturday.

Mrs. Willie Vogelsang, club president, called the meeting to order with all members repeating the club prayer. Mrs. J. H. Angell was in charge of the program on civil defense.

Plans were made for the Walkers Creek, Ben Arnold, Clarkson, and Vogelsang clubs to organize a ground observer corps. Any other community interested in helping is invited. Organization by S-Sgt. R. E. Moore of Bryan.

During the business meeting the club made a \$5 donation to the Cancer fund.

Members enjoyed refreshments of a congealed salad, cake and ice tea.

The next meeting will be at the home of Mrs. Dell Henderson.

Kraatz-Holian Vows Exchanged

In the presence of a small guest assemblage, Miss Betty Lou Kraatz, Sharp, and James M. Holian, of Dallas, were united in marriage by Rev. A. F. Russell Wednesday at 3 p.m. at the First Baptist Church, Cameron.

The bride wore a dress of blue linen accented with black accessories. She carried a bouquet of white carnations.

Mr. and Mrs. Bennie Wenzel of Rockdale, sister and brother-in-law of the bride, were the couples only attendants.

The bride is the daughter of Mr. and Mrs. Ben Kraatz of Sharp. Mr. Holian is the son of Mr. and Mrs. Frank L. Holian of Dallas.

After a short wedding trip the couple will be at home in Dallas.

Conroe Residents Visit Mrs. Batte

Mrs. R. L. Batte, Cameron, had as her guests Friday and Saturday Mrs. Edgar Becker, Mrs. Clara Knight and her daughter, Miss Eurcelle Knight, of Conroe. Also visiting Saturday was J. Don Johnson from Texarkana.

Mrs. Kathryn Robbins entertained the group Friday evening with her lovely colored slides taken in Europe.

Mrs. Smith Compeles

Wortham Lady Wins 'Mrs. America'

WACO—"Mrs. Wortham" - Mrs. W. M. LaFevre, a lifelong resident of the town she represented—was named winner today of the South Texas Region finals of the Mrs. America contest.

She will now go to the state finals in Dallas to compete April 10-11 at the Statler Hilton against 17 other Texas homemakers for the title of "Mrs. Texas."

Competing against her in the regional finals in the Raleigh Hotel were Mrs. Bob Cornforth, Jr., of Hearne; Mrs. Nona Mae Smith, Cameron; Mrs. June Ford, Taylor, and Mrs. Doris Munn and Mrs. Joe B. Allen, both of Waco.

She was crowned by Mayor D. T. Hicks, Jr. of Waco.

Entrants at Waco came from Lone Star Gas Company's South Texas Region of Distribution, which includes Cameron and some 115 other cities and towns from Kerrville and Bryan north to Waxahachie.

Mrs. LaFevre is active in the Parent-Teacher Association, Wortham Ex-Students Association, Bridge Club, Red Cross and March of Dimes. She has been superintendent of the Children's Division of the Methodist Church for four years.

Her husband, an oil company employee, is superintendent of the Young People's Division of the Methodist Church and is on the Board of Stewards of the church. He is also a member of the Board of Trustees of the Wortham School System.

As winner of today's competition she received a new, fully automatic gas range. The other five contestants were each given a \$25 United States Savings Bond.

Demonstration Agent Attends District Meet

Mrs. Alice G. Hughes, Milam County home demonstration agent last week attended the Texas Home Demonstration District meeting in Lampasas.

Judge John T. Higgs gave the welcoming address for the two day meeting. The Lampasas Home Demonstration Club entertained the 190 agents.

La Donna Tuma, Ronald Westbrook Exchange Vows In March Ceremony

Miss La Donna Tuma of Rockdale and Ronald Westbrook of Milano were united in Marriage March 23 at 8 p.m. at the First Baptist Church, Rockdale.

The Rev. Richard Spim, pastor of Milano Methodist Church, read the double ring ceremony before an altar decorated with palms and baskets of white gladiolus.

The bride, entering with her brother, Mr. Tuma of San Antonio, wore a princess style dress of white chantilly lace over satin. Her shoulder length veil of silk net was held by a crown of pearls. She carried white carnations encrusted with net and white ribbons.

Mrs. Joyce Demphie, of Houston, was her sister's matron of honor. She was attired in a pink silk dress.

Best man was C. E. Westbrook of Milano, brother of the groom. Ushers were Eldon Ball, Elgin, and Mr. Tuma of San Antonio.

Mrs. Westbrook chose for her son's wedding a coat of dark blue with matching hat.

The bride is a graduate of Rockdale High School where she made her home with her grandmother. The groom, son of Mr. and Mrs. Elbert Westbrook, Milano, was a graduate of Milano High School and Blinn college, Brenham.

The couple will be at home at 2509 Meridan, Waco.

Survey Shows 146 Alcoa Workers Reside Here As Number Jumps

Cameron is home for 146 employees of Aluminum Company of America and Industrial Generating Company at Rockdale Works, a survey completed this week shows.

Of the Cameron total, 126 are employed by Alcoa and 19 by IGC.

Mrs. Terry Hosts First Baptist WMU

The WMU of the First Baptist Church met in the home of Mrs. Gib Terry, community missions chairman of the Milam Association.

After a welcome and devotion given by Mrs. Terry, Mrs. Drayton McLain read the poem "A True Home."

Following a prayer lead by Mrs. John A. Smith, a report on the state WMU meeting in Dallas was given by Mrs. Perry Holder, associational president.

A clinic and round table discussion on the community missions emphasizing "soul winning Christian citizenship and what to do about the alcohol problem" was lead by Mrs. August Halberdier, local community missions chairman.

Mrs. P. L. Caperton returned thanks for the noon lunch. The meeting was ended in prayer by Miss Jessie Ferguson.

Others present were Mrs. Love, Mrs. Joy Angel, Mrs. Gilbert, Mrs. Gandy and Mrs. Bailey.

Cameron was second to Rockdale in the March, 1956, survey, but Thorndale, only 10 miles from the plant, gained 10 employees during the past year.

Rockdale Works now has a total of 1622 employees, 70 more than last year. About two-thirds of them live within a radius of 20 miles of the plant.

Taylor registered a gain of 21 employees during the last year. Although that city remains in fourth place, 135 employees now call Taylor home.

Following in order with number of employees are: Lexington, 95; Milano, 54; Caldwell, 53; Giddings, 41; Hearne, 28; Gause, 31; Thrall, 27; Calvert, 19; Dime Box, 15; Lincoln, 14; Tanglewood, 13; Buckholts, 12; Somerville, 11; and Granger, 11.

The remainder of the employees come from a wide area, with some of them commuting from such distant points as Austin.

Alcoa employs 1236 persons. Industrial Generating Company employs 386.

Lt. Sherrod, USN, Visits Mrs. W. T. Whatley Here

Lt. (j.g.) Clay Sherrod, USN, is visiting his grandmother, Mrs. W. T. Whatley this week.

Lt. Sherrod has spent the past 30 months in Italy with the Navy. After a short trip to his home in Galveston, Lt. Sherrod will report for duty at New Orleans, Louisiana.

Mrs. Burke Takes 'Odd Hole' Score In Women's Golf Tuesday

Mrs. Charlie Burke won the "odd hole" score in competition of members of the Cameron Women's Golf Association last Tuesday with a score of 21 for holes 1, 3, 7 and 9.

She and Mrs. Amy Ford also tied in the low score for the full nine holes with 49.

Second in the "odd hole" score for the current week's play with a score for the four holes of 24 Ford, Mrs. Esther Manning and Mrs. Owen Smith of Rosebud. There were a total of 10 players in the competition held at the Cameron Country Club course.

Included among those participating in the competition for the day Mrs. John A. Smith, a beginner in local golf play, and Mrs. Henry Siebman, a guest of the members of the association.

Following play on the greens, members of the group held their regular monthly business meeting and had lunch at the club. Outstanding topic of the meeting was discussion of the forthcoming women's tournament.

Six of the local women golfers attended play of the Lampasas chapter in that city on the previous Tuesday, March 26. Mrs. Claude Bennett received an award in that city for winning a "pitching" contest in which she placed a ball closest to the pin on Hole No. 9 on the Lampasas Country Club course. She drove a ball to within five and half inches of the cup.

Next out-of-town trip of local women golfers will be to the Fort Hood course on Thursday, April 25.

Golf among local men enthusiasts was rained out last Thursday, March 28. However, Jerry Rice, manager of the Cameron Country Club, announces a handicap tournament and "blind-bogey" will be held among Cameron male golfers next Sunday, April 7.

Range Grass Saved By Deferred Grazing

COLLEGE STATION—Deferred grazing can give the good perennial range grasses the boost they now need for survival, declares A. H. Walker, extension range specialist.

In some areas of the state, such grasses as sideoats gramma, little bluestem and switchgrass are now making seed. This situation, according to Walker, is most unusual since these grasses normally produce seed in the fall.

Drought Cuts Growth

Overgrazing and the prolonged drought have interfered with the normal growth habits of the range plants and "mother nature" is doing her best to reseed the ranges. Give her a chance to succeed by deferring as much range now as is possible, advises Walker, for the improved moisture situation should materially add to the benefits to be derived from deferred grazing.

Grasses need top growth to make root growth, and because of the drought, root systems are far below normal and need time to get re-established. Walker believes that ranchmen generally should be able to rest at least a fourth of their range without over-

restocking the remainder.

He emphasizes that it is better to remove all stock from a pasture than to stock lightly. A few animals can graze off the good plants left and keep them from making seed.

Rest Best First

Walker suggests that the best conditioned pastures be rested first. On these will be found more of the good grasses and their recovery will be faster. The rest period will vary, he says, but the longer the better or until the good grasses have produced a seed crop.

Graze the deferred pastures moderately during the winter, he advises, in order to plant the seed and distribute the litter.

Walker says if as much as 15 percent of the good or key grasses are left on the range, deferred grazing is less expensive and hazardous and requires some type of seedbed preparation, he says. And, too, reseeded ranges must be rested.

His advice: don't reseed but give the pastures a year's rest and see what happens. Local county agents can supply information on how to help the range recovery program along.

Rain, Crop Prospects Best In Years, County Agent Says

Good soil moisture and the best crop prospects in years this week headed comments submitted by County Agent J. D. Moore in his weekly report to the U. S. Department of Agriculture.

Moore reported that 50 per cent of the county's corn crop was in the ground while "above normal" tomato acreage was set despite the best soil moisture in years.

Week-end rains following his Saturday report added to the already encouraging prospects for a good crop, Moore told The Herald Monday.

Field Work Slowed

He said very little field work was completed last week because of the moisture content.

"The soil was too cold for good seed germination," he added. "It will be mid-April before the soil gets warm enough for good soil bacteria development," his report continued.

Moore wrote that county farmers are optimistic about prospects for all crops and livestock. Recent rains, he went on, would make possible an early hay crop.

Livestock Outlook Good

The livestock picture was equally encouraging, Moore pointed out, as grazing and stock water conditions were the best in several years. A number of farmers have sent applications for government fish.

He said there is still bloat danger in cattle.

In the small grains, Moore reported good growth in oats, wheat and barley. No damage from wind or rains was reported by county farmers.

Nor was there any appreciable damage from frost last week to the tomato crop, he said. Wind damage was reported by Johnnie Ethridge, Cameron; George Fish-

er, Milano; and Ottis Gooch, Maysfield Rd.

The soil was still too cold for good growth of vegetables, Moore said.

Women's Group Plan Encampment

Recreation training school will be held at the Minerva Community Center on April 30 by the Milam County Home Demonstration Council.

Plans for the school were made at a meeting of the group in a regular meeting held Monday, March 25, at the Cameron Baptist Church annex. The school will be an all-day meeting with a covered dish luncheon served at noon.

At the Monday meeting, there were nine club presidents, eight council delegates and five council officers present. Mrs. W. W. Curry, council chairman, presided.

Mrs. Curry also appointed committees to make arrangements for the county encampment at Buchanan Dam on July 30-31. These committees and members appointed to each include transportation. Mrs. Joe Brown of the Tracy Club and Mrs. Graham Young of the Gay Hill Club; recreation, Mrs. W. A. Butler of the Gay Hill Club, Mrs. Hugh Wimberly of the Milano Club and Mrs. Paulie Jenkins of the Minerva Club; and the food committee, Mrs. Will Vogelsang of Walkers Creek and Mrs. Arthur Inge of Buckholts.

Swing In, Clean Up

Get in the swing and clean up for spring is the latest advice from the Texas Farm and Ranch Safety Council.

By Work Unit
Conservationist

Mrs. H. H. Camp, who owns two farms in the San Gabriel community about four miles north of Thorndale, became a cooperator of the Taylor Soil Conservation District in October 1947.

She has been steadily doing conservation work since that time and has built 25,446 feet of good channel type terraces to protect 184 acres of cropland from further erosion damage; 1578 feet of diversion terraces to prevent excess water from pasture land from overflowing some of the cultivated land below.

Outlets for the diversion terraces and field terraces are protected from erosion by three sodded waterways. Two of these waterways are in the fields and contain approximately three acres. The other waterway comprises about four acres and is included with one of the pastures.

She has dug two ponds and cleared 27 acres of mesquite trees by root plowing. All of the terraced land is being farmed on the contour and all of the cultivated land has had soil improving cover crops on it twice and some has had a cover crop several times.

Well Pleased

Mrs. Camp and the operator of her farms, Harold Summerlin, are well pleased with 25 acres of pasture land that was chiseled on 38-inch centers to a depth of about 12 inches last fall, disked twice, and fertilized with 200 pounds of 16-20-0 fertilizer per acre.

Following these operations, 20

pounds of Italian rye grass and 20 pounds of Hubam clover per acre were planted. The cattle were carried on native pasture and oats until they were turned on 19 acres of the improved pastures on March 25.

A technician of the Soil Conservation Service made a clipping of the rye grass and hubam clover and found that there was an average of about six tons of green material per acre. Two bulls, 27 cows and 11 calves are grazing the 19 acres at present.

Summerlin figures he has spent about \$9.00 per acre in preparing a seed bed, buying the seed and fertilizer and in seeding the land. It was estimated that the cattle would gain enough weight at the present price to make a profit of about \$9.00 per day. At this rate of return, each day's grazing will pay for the cost of preparing the land, seeding and fertilizing one acre. There will be many more days grazing than enough to pay for the work.

Chiseled Land

Near the spot where the clipping was made on the chiseled land, a hole was dug to determine the depth that the water had penetrated from the recent rains. It was found that the water had gone down 28 inches. In a spot missed by the chiseling the water had only penetrated 18 inches.

By way of contrast, a penetration test was made in coarse sand and near Rockdale, and it was found that water had penetrated 24 inches through deep sand and 18 more inches into a sandy clay sub soil or a total of

42 inches.

While the hole digging was being done, Harold remarked that this spot was one of the driest and hardest spots in the pasture and that it never grew anything more than some weak Bermuda grass only a few inches long. The Bermuda grass in this pasture should make more than it has been making and the rye grass and hubam will be extra grazing until about July 1.

Sudan Planted

Cleared land will be temporarily planted to Sudan. Following the Sudan, it is planned to seed the land to side oats gramma and Texas Winter grass. There was some Texas Winter grass present before clearing, and it is expected to come back from seed and also from the crowns. Texas Winter is a cool season grass and side oats gramma is a warm season grass. These two grasses grow well together and should make almost a year-around pasture.

The coordinated soil and water conservation program that Mrs. Camp and her operator, Harold

Summerlin, are carrying out on these farms is in accord with the principles recommended by the Taylor Soil Conservation District on using each acre of land according to its capabilities and treating each acre according to its needs for protection and improvement.

State To Resurface 3.4 Miles Of 1600

A contract for grading, structures, base and surfacing on Farm-to-Market Road 1600 in Milam County was awarded in Austin this week, C. B. Thames, district highway engineer at Bryan has announced.

The firm of F. C. Herrling, Kerten, submitted the low bid of \$148,341.54 on the project which runs from 6.2 miles southwest of Cameron, south to F.M. Road 487, a distance of 3.4 miles.

Resident Engineer Joe G. Hanover, Hearne, will be in charge of the project for the highway department. It is estimated that the work will take 140 days to complete, Hanover said.

Week-End Rains Add To Penetration Dip

Week-end rains added to 25-inch moisture penetration reported early this week by the Central Texas Soil Conservation District.

The check was made after rains March 25 at the Joe Coufal farm east of Temple. The land is bedded and was in Hubam clover last year.

Conservation officials said that adequate moisture should reach a depth of four feet at the start of the growing season for good crop production.

Farm Costs Zoom

Modern farming is an expensive business for it requires a high outlay of monies for maintenance to say nothing of the large initial investment. C. H. Bates, extension farm management specialist, says a careful budget analysis is most helpful for discovering small losses in the business.

Yoe Tracksters Take 11-18 Points In Meet

Yoe High School spiked shoe men took 11-18 of a point in the first annual Rockdale Relays held last Saturday with Ray Green tying in fourth place in the high jump and Warren (Quincy) Rinn tying for a like spot in the low hurdles.

Green tied in the high jump with Allen of Rosebud, Jones of Mexia, Simank of Thorndale, Hannick of Smithville, Deaver of Giddings, Tae of Marlin, Phillips of Teague and Robinson of Rockdale. Winner of this event was Fickel of Killeen with a jump of 6-0.

Jones of Mexia and Rinn of Cameron tied for fourth place in the low hurdles which was won by a tied place between Griffith of Taylor and Neville of Bryan. Winning time was 20-6. Neville set a record for the meet in the preliminaries of 20-5.

Bryan, a late entry in the meet, walked off with team honors in the meet as they collected 28 points. Brenham Cubs, who went into the meet as the favored team, only collected 22 points for second place.

The Cubs, however, did collect the most trophies including the runner-up award and fleet Calvin Jannar captured the T. A. Weems trophy for the highest scoring athlete of the meet. Jannar won the 100-yard dash in a flat 10 seconds, copped the 220 in 21.9 and anchored the Cubs sprint relay team which took first place in 44.9.

Navy Will Host County Officers

EIGHTH NAVAL DISTRICT HDQRS, NE W ORLEANS, La.—Hinton H. Pruitt, superintendent of schools, Milam County, 602 N. Travis, and Charles C. Smith, Jr., Milam County Judge, 703 E. 6th St., are among 33 Texans who will be the guests of the Navy here this weekend.

The group will depart the Naval Air Station in Dallas at 1 p.m. Friday, arriving at Moisant International Airport in New Orleans at about 3 p.m. On arrival in New Orleans the Texans will board busses for the New Orleans Naval Station where they will be quartered during their three-day stay.

Friday's program will include a tour of the Naval Station and Eighth Naval District Headquarters aboard the Station.

Highlight of the visit will be an all-day cruise on the Mississippi River on Saturday aboard the destroyer escort USS HAAS. After breakfast at the Naval Station Officers' Mess, the Texans will board the HAAS for the cruise which will give them a chance to witness the "at sea" routine of a Navy warship.

Miss Henderson, a junior studying English, is the daughter of Mr. and Mrs. John B. Henderson, 410 West Fourth St. She is a member of Delta Gamma social sorority, YWCA, Alpha Lambda Delta, national freshman honorary society, Oragne Jackets, women's honorary service organization, Reagan Literary Society, University Religious Council, Wesley Foundation, Methodist student organization.

She is also an upperclass advisor in Blanton Dormitory.

Common household items may be used to make an improvised stretcher in a civil defense or other emergency. Possibilities include an ironing board, the leaf of a dining table, a door or a window shutter.

The HAAS is a 306-foot long anti-submarine type ship, with a main battery of five-inch dual-purpose (surface and air) guns. The HAAS was built and commissioned in Houston in 1944.

Sunday, following breakfast, the group will be invited to attend Divine Services in the Naval Station Chapel and will leave the city for their homes in the early afternoon.

Mr. and Mrs. Bud Wunsch of Huntsville visited at Burlington and Rosebud last weekend.

A Tribute - - To Our Policemen

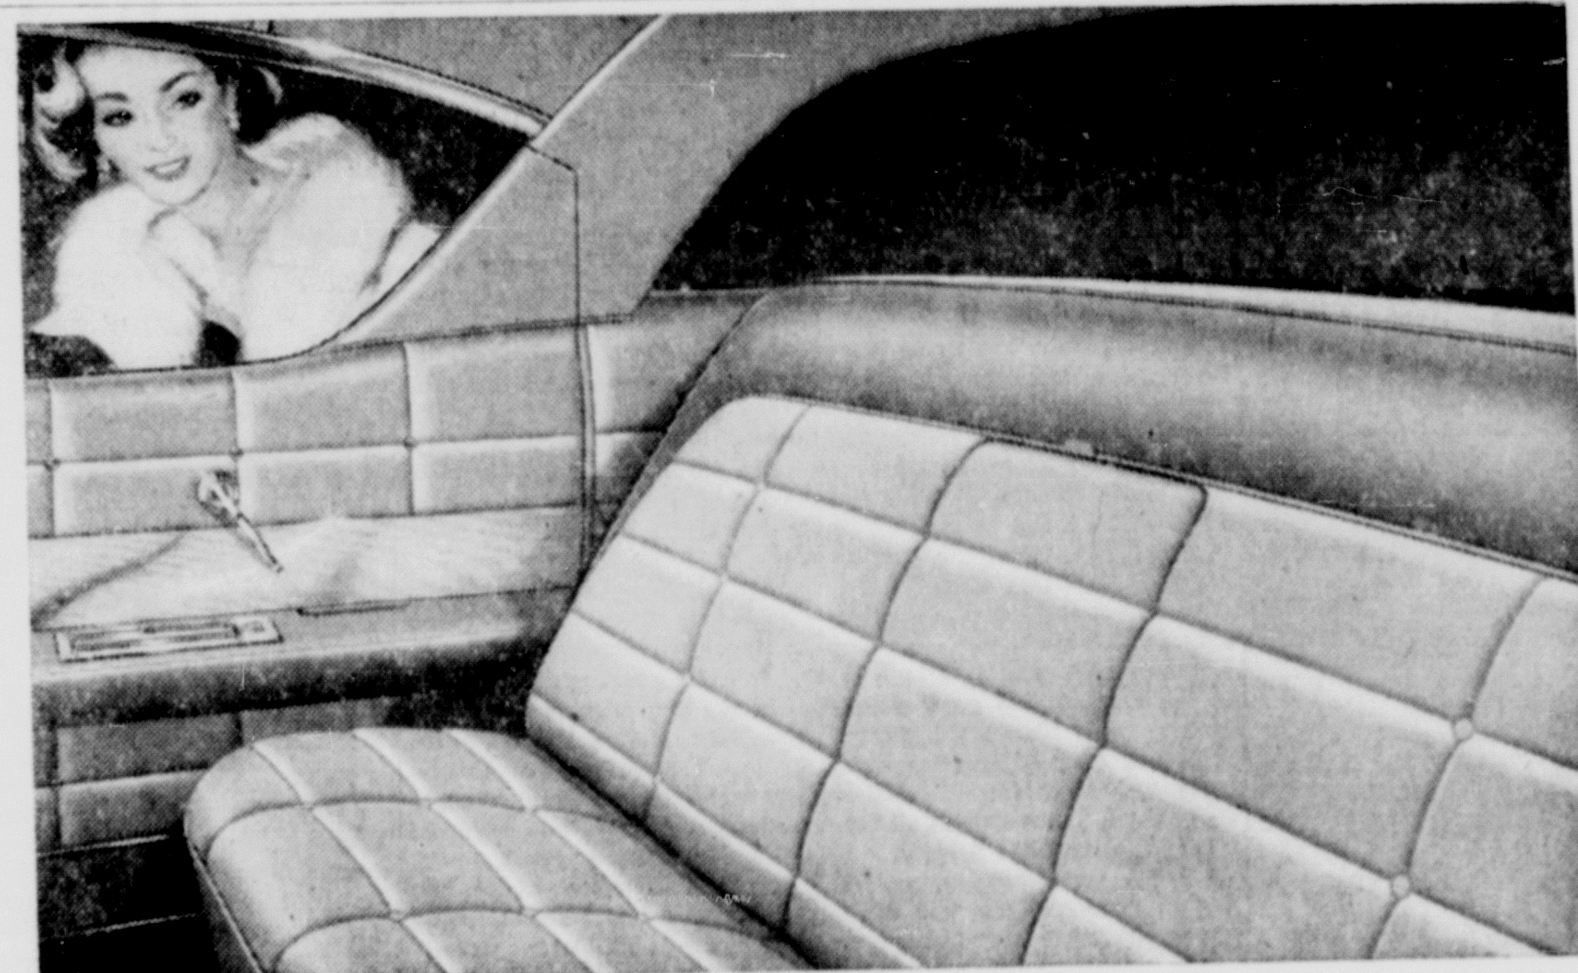

The uniformed man who works his beat, ever ready to combat lurking danger, is an officer of the city, working for you. All through the stillness of the night—when homes are dark and stealth is on the prowl—your watchful Policeman is going his rounds. Smiling, pleasant faced, he is a mountain of security clad in blue, to little children and grown ups alike. He is their friend, their protector, their laughing pal, on occasion—and who of us would have it any other way! So let's be considerate and really warm-hearted toward our fine Policemen, The Cop, please remember, is one of our most dependable citizens!

ROADMASTER 75

Custom Built by Buick

NOW ON DISPLAY

A NEW CONCEPT in motorcar excellence awaits your inspection in the Roadmaster 75 just introduced.

You will see what we mean the first time you glimpse the interior.

The impeccable tailoring and taste of the rich appointments are as obvious as the comfort is opulent.

The seats, for example.

They are meticulously fashioned in glove-finished fabrics of broadcloth or Nylon, with backs topped in supple, hand-buffed leather. They are thickly layered with contoured foam rubber. They are wide, deep, superbly soft.

The doors present a new standard of luxury and restfulness—fully uphol-

stered and softly cushioned from floor line to window.

The instrument panel, below the safety cushion, is chromed from end to end. The deep-pile carpeting is backed by foam. The integral armrests are fully in keeping with the spacious grace of the car.

The complete interior is matched by the mechanical excellence that is Roadmaster tradition.

Indeed, nowhere else among the world's fine cars can you enjoy superb performance quite like that of a Roadmaster 75—from the instant response of its brilliant new Dynaflo, to the smooth obedience of its all-new air-cooled aluminum front brakes—newest and the finest in the fine-car field.

Gunplay Between Three Men Ends With One Injured

Exchange of gunshots last Friday afternoon ended with B. D. Clark in the hospital, Leonard "Sweet Man" Morgan in jail and Porter Morgan arrested on a charge of drunkenness and illegal possession of a firearm.

Leonard had become involved in a quarrel with Porter, his brother, and Clark, a brother-in-law, concerning his 12 dogs. Following a day of dispute over the animals, the three armed themselves and in exchange of shots fired by all three, according to Chief Mayor Byers and Constable Joe Richter, who investigated, Clark was wounded in the head and leg with birdshot from a shotgun taken from Leonard.

As of Wednesday of this week, Porter Morgan had paid two \$21.50 fines in city court on one charge of drunkenness and one of illegal possession of firearms. Clark was still in the hospital and Leonard was still in jail.

Sheriff Carl Black said Wednesday there is a possibility of the incident going before the next meeting of the grand jury, which will be in session on April 12.

Council Okays Ditch, Move For Back Taxes

The City Council Tuesday night approved digging a water ditch for Mrs. Joe Dusek, 1800 N. Travis and starting legal action to collect delinquent city taxes.

They also heard Dr. David Shapiro, city health officer, advise emplacing sewerlines to all outlying sections of the city and enforcement of a stock ordinance for improved city public health conditions.

Water has been clogging the roadway in front of the Dusek residence, councilmen said.

Drainage was also in question when the council tabled a request from Mrs. Marvel Hughes, 204 N. Austin, for city action to prevent water from flowing into her yard from property now occupied by the new Safeway Store.

She told councilmen she had never before had water standing in her yard until recent rains.

Councilmen said that her water drainage problem was one of several that faced the city. Councilman Charles Brady said that a bond election might be necessary to provide funds to meet water drainage needs in six or seven points within the city.

In other action the Council: 1. Canvassed city election returns which totaled 671 votes cast with one mutilated ballot.

2. Told Wayne Fleming that he would have to get adjacent property owners to agree to re-dedicating property around the

Fleming Addition before the city could open a east-west street road through it.

3. Heard a monthly city financial statement read by the city secretary.

4. Moved to start work on a new city electrical inspection ordinance to replace the present one written in 1925 and revised in 1951.

City Attorney W. C. Black also received approval to start action to collect back-taxes on property here. Some delinquents on the rolls date back 30 years.

Quilting Club Meets At BHS Rec Room

By Mrs. J. W. Meyer

The Buckholts Quilting club met Thursday at the high school with Mrs. S. M. Corley as hostess.

Assisting Mrs. Corley were Mesdames Sam Fritz and Lee Lock. The FFA club boys also attended.

Participants at the meeting brought a covered dish for the noon day luncheon served in the HE cottage dining-room. Helpers were high school students, Misses Della Jurca and Joe Ann Weido. Those attending included Mesdames: Lloyd Ezzell, Delphin Schiller, Otto Denker, Frank Haas, Miles Peeler, Edwin Gandy, George Wilhite, Sam Fritz, Richmond Zeliska, Lee Lock, Joe Weido, S. M. Corley and Miss Nora Hailes.

Faculty Gives Talks

The group was joined after school hours by faculty members. Mrs. Coy Arledge, Cornelius Titsworth and Louis DeWald were the quilting party merged into a P-TA meeting.

Mrs. Arledge, superintendent, led a discussion on school problems and activities of the County meet.

Titsworth, vocational agriculture teacher, gave an interesting talk on the FFA boys club work and their activities in the county meet.

He also showed a picture of the marker the Future Farmers are planning to erect at the west city limits.

Many Represented

The following communities which make up the Buckholts district were represented: Corinth, Bryant Station, Fox, So. Elm, Buckholts, Friendship and Yarellton.

Also represented were these eight different churches: Lutheran, Methodist, Baptist, Christian, Episcopal, Czech Moravian, Church of God and Full Gospel.

The following ladies organizations were represented: Lutheran Ladies Aid, Czech Moravian Ladies Aid, WMU, P-TA, FFA, 4-H clubs, Girl Scouts and Brownies.

The club will welcome all ladies who wish to attend any and all of these gatherings.

Mr. and Mrs. Ernest Fischer's Sunday guests included their daughter's family, Mr. and Mrs. M. W. Summerlin and daughters, Barbara and Becky, Dallas and son and family, Mr. and Mrs. Lawrence Fischer and children, James and Juanita also of Dallas.

Bobby Hugh Powell employed at Austin visited his parents, Mr. and Mrs. Hugh Powell the past week-end.

Kiwanis Earns Service Award, Laywell Says

Kiwanis International has received a Freedoms Foundation Distinguished Service Award and Key Club International, the Kiwanis-sponsored high school boys' service organization, has won a Freedoms Foundation George Washington Medal, according to Ed Laywell, president of the Kiwanis Club of Cameron.

The two awards carry the same prestige in the community service field as do the famed "Oscars" in the motion picture field and the "Emmies" in the TV field.

The local Kiwanis Club has assisted underprivileged children, sponsored Boys and Girls Activities, supported churches; assisted in many public affairs such as March of Dimes, United Fund drives, get-out-the-vote campaigns and many other community projects, Laywell said.

Kiwanis International received its award — the highest that the Freedoms Foundation can bestow — for the "1956 Kiwanis program." This program included U.S.-Canada Good Will Week, Kids' Day, the Kiwanis Teacher

Recruitment Program, the Youth Panel Forum Program, Kiwanis' participation in National Radio Week and National Newspaper Week, Ballot Battalion (the Kiwanis get-out-the-vote campaign), and Prayer for Permanent Peace Week.

This is the sixth time Kiwanis has been honored with a Freedoms Foundation award. This is the second consecutive year for a Distinguished Service Award. Key Club International has won Freedoms Foundation awards for three consecutive years.
